VENUE

Omsk is a new place on the IEEE map. It is the good reason to participate.

Omsk is a large city of Russia, it is administrative, economic, cultural and scientific center located on the banks of Irtysh and Om rivers. It was founded in 1716. The city is the second for population in Siberia and the ninth in Russia. There are about 1.5 million inhabitants.

There are a lot of interesting places to visiting: Uspensky cathedral located on the Cathedral area in the city center, Tarsky gate which have been constructed in 1792 and for-

warded to the Stepnoi bastion of the Omsk fortress, history museum, the Literary museum named after F.M. Dostoevsky as one of the oldest buildings of Omsk. Museum of the fine arts of M.A.Vrubel is the largest and ancient art museum of Siberia. There are more than 25 thousand exhibits in collection. Omsk is considered as the most theatrical city of Siberia. Omsk academic drama theatre is the famous in series of Russian theatres. Inhabitants of Omsk love sports very much, this city is one of the most "hockey" cities. One of sights of the city is "Arena Omsk", a modern ice palace of sports.

Omsk State Technical University is one of the best universities of Russia, uniting nine faculties that more than 13,000 students are trained. Web site of OmGTU is www.omgtu.ru.

Omsk also amazes with the hospitality of local people. More about Omsk may be learned at Web site www.omskportal.ru.

INTERNATIONAL SIBERIAN CONFERENCE ON CONTROL AND COMMUNICATIONS (SIBCON-2015)

S²⁰¹⁵ Sibcon

**MAY 21-23, 2015
OMSK, RUSSIA**

Call for Papers

<http://ieee.tpu.ru/sibcon>

Organized by

- Omsk State Technical University
- National Research Tomsk Polytechnic University;
- Siberian Federal University;
- South-Ural State University (National Research University);
- Russia Siberia Section of the Institute of Electrical and Electronics Engineers;
- The Tomsk Chapter & Student Branch of the IEEE;
- The Krasnoyarsk IEEE Chapter;
- YP (Young Professional) Affinity Group of the IEEE Russia Siberia Section;
- Radioelectronics SFU R&D.

Sponsors

- Russian Foundation for Basic Researches (RFBR);
- National Instruments R&D;
- National Research Tomsk Polytechnic University.

Technical Sponsors

- The Electron Devices Society (IEEE ED-S);
- Tomsk IEEE Chapter & Student Branch.

INVITATION

The 11th Siberian conference SIBCON-2015, the oldest conference of IEEE in Siberia, aims to offer opportunities to learn and to share information on the latest advances in communications, electron devices, and control systems. It will be held in Omsk, the Russian Federation, on May 23–25, 2015. The conference is organized by the IEEE on a regular basis in order to promote interdisciplinary discussion and interaction among scientists and engineers with an emphasis on the IEEE membership. While the scientific program is expected to create stimulating professional interaction, the crystal clear Irtysh River nature, warm spring atmosphere and wealth of historic monuments promise a pleasant and memorable stay.

The conference will include plenary sessions

(with invited speakers), parallel thematic sessions (with oral presentations), and a social program.

TOPICS

The areas of interest include, but are not limited to:

1. The Fundamental Problems of Communication and Control Theory.
2. Radiophysics, Radar, microwave and antennas.
3. Nanotechnology, Semiconductor Materials, Sensors, and Electron Devices.

ABSTRACT SUBMISSION

Prospective authors are invited to submit papers of their original research contributions describing new results, original ideas, and applications on relevant topics. The abstracts should be sent in English, via webform <http://conf.sfu-kras.ru/sibcon>, in MS Word file, maximum length of four A4 (21x29.7 cm) pages (with margins at 2.5 cm, 10-point Times New Roman or similar fonts, and single spaced). The manuscripts should contain the following information: paper title, keywords, state-of-the-art in the field of interest, problem statement and objective, description of the contribution (novelty, research methodology), results achieved and their further development and applicability, references, author(s) data (name, title, affiliation, full mailing address, phone and fax numbers, e-mail address), and corresponding author name.

PUBLICATION

The International Program Committee will make the selection of papers. Papers will be reviewed for the technical merit and content. Only original, unpublished contributions will be considered.

The conference proceedings will be published in English, containing all conference manuscripts, and will be distributed among the conference participants, leading libraries, and international scientific centers.

The Proceedings are indexed in IEEE Xplore and Scopus database.

Notifications of paper acceptance and the preliminary program will be sent to the first author in April 2015.

**Deadline for paper submission is
March 24, 2015**

REGISTRATION FEE

The registration fee – \$180 for IEEE members and \$280 for other participants needs be paid only upon receipt of the official invitation letter, which will be sent to the first author by mail. Registration fee includes a visa support, one copy of the Proceedings, a get-together party, banquet, cultural/technical visits, and coffee breaks.

VISAS

You may be required to apply for entry Russian visa in advance. Visa application can take up to three-four month to be processed. Please contact the conference organizers in time to get an official invitation.

COURSES

The Organizing Committee accepts proposals for short courses related to the conference topics until March 24, 2015.

CONFERENCE LANGUAGE

The working language is English. No simultaneous translation will be provided. All materials concerning the conference should be written in English.

DETAILED INFORMATION

All registration information and hotel reservation forms, instructions for the preparation camera-ready paper etc. will be available in the second announcement at the Web conf.sfu-kras.ru/sibcon, ieee.tpu.ru/sibcon.
